

Safety Committee Meeting

Monday, July 6th at 4 PM

The meeting will be held via Zoom only, and the public is invited to attend.

The meeting agenda will focus primarily on traffic safety — including “traffic calming” and speeding awareness.

Janae Novotny, who is Bayside’s liaison with the Town of Northport, will update the committee on what the town is exploring regarding traffic safety.

Steve Kazilionis will also attend to update the committee on his research and outreach with the state regarding traffic calming.

If you care about speeding in the village and traffic safety generally, please make time to attend this meeting.

IMPORTANT: If you plan to attend this meeting or any other NVC board or committee meeting via Zoom and are already on the approved/verified attendee list, you will receive meeting materials in advance. If you are not on the approved/verified list, please call the Village Office to be added. The Village Office phone number is: (207) 338-0751.

Thank you!
